## Group Think or God Think?

by Ronnie E Cooper

*Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things. (Phil. 4:8, KJV)*

What is right or correct about our country? Able people who fear God! If anything is good, it is caused by such people who think God's thoughts after Him! They will protect God given rights, not replace God by trying to give some of us rights at the expense of others.

*Moreover you shall select from all the people able men, such as fear God, men of truth, hating covetousness; and place such over them to be rulers of thousands, rulers of hundreds, rulers of fifties, and rulers of tens. (Ex 18:21)*

We are privileged to be able to select such people. We lose this privilege when we give it away by letting ungodly people do the selections. We must vote (select) by the way God designed the criteria to work. This is God's preference, not his prejudice! We need to learn His preferences, His designs for His creation.

We hear a lot about **prejudice** or more specifically, prejudging specific issues or people without the facts or context? Prejudice is not

neutral manmade choices. They are for or against any subject or group, usually opposite God's design. Race is by definition manmade prejudice, since only one race was created, people misuse the term as multiple evolved groups which justifies hate and separation from God.

Political parties and the news media are also having a field day with their defined words like: bigot, religion, race, and politics.

God is not bigoted. A bigot has strong conviction or prejudice, especially in matters of **religion, race, or politics**. God does not fit

## CREATION MISSION

### Live presentation at the next ARKY meeting.

Come hear one of our newest members give a talk for us on "**Cosmology: Creation vs. Evolution**". Kevin Hadsall is an active duty officer with the Air Force. But his passion is for the Lord and for the truth of His Word starting with Genesis. October 10, 7PM at ARKY's house.

Learn more about Kevin and his ministry at his Creation web site <http://www.creationmission.org/>

## The Wonder of it All: The Amazing Eye

By Mark Jurkovich

Those who attended last month's Arky meeting were blessed with seeing all 4 sections of The Institution for Creation Research (ICR)'s video series on the human body entitled "Made in His Image". One of the four parts was fully dedicated to just the human eye, "Marvel of the Eyes". Indeed, our eyes are truly a marvel of God's loving creative work.

When you look at a baby with those big bright eyes, they really are big. A newborn's eyes are already 75% of their full grown size. Eyes are so complex and need to function so well from the start, God has them almost fully developed for a lifetime in the first 9 months of life!

Even in Darwin's day they understood enough about the complexity of the eye for him to declare "to suppose that the eye, with all its inimitable contrivances for adjusting the focus to different distances, for admitting different amounts of light, and for the correction of spherical and chromatic aberration, could have been formed by natural selection, seems, I freely confess, absurd in the highest possible degree." Yet that is what he went on claim. And now we know so much more complexity of the eye that it is even more absurd to believe it came about by means other than a divine designer.

Let's briefly look at the some of the marvelous design features of our eye and praise our savior for designing these marvels.

- The cornea: More than just a protective layer for the eye, this transparent membrane is a crucial first step in focusing the light into your eye.
- The iris: the colorful part of the eye is precisely controlled by muscles to automatically adjust the opening as needed for chang-

Ref: <http://creation.com/seeing-back-to-front>

ing light conditions.

- The lens: man made lenses have to move fore and aft to adjust to varying focus lengths. But God's design for the lens is flexible, using more muscles to change its shape to adjust focal length. In addition, the lens is made of transparent living tissue that needs nutrients. So a special transport system gets the oxygen and nutrients that is itself also transparent.
- Rods and cones: an astounding 126 million of them to receive the light in the back of the eye! Man cannot even begin to imagine how to get wiring that dense. Specially designed cells transfer the light to the photo receptors in the back. And the so called poor backwards design claimed by evolutionists serves a vital function filtering out harmful UV rays.
- Of course there is the highly complex, yet efficient process of converting the light to electrical signals, the transfer of those signals to the brain, then the ability of the brain to convert these millions of signals to coherent images many times a second.

Figure 2. A cut-away view of the lacrimal system dedicated to producing and removing tears. The lacrimal gland, and lacrimal ducts at the rear of the nasal passage are identified.

Dreamstime.com -  
Lacrimal Apparatus Photo

- Then let's not forget our eyelids. Much more than just windshield wipers, they also provide the marvelously designed moisturizer/lubricant with antibacterial properties.

(Continued on page 4)

## Approximation

An Art and a Science with History and Myth  
by Ronnie E. Cooper

Approximation: n. 1. The act, process, or result of approximating. 2. Mathematics. An inexact result adequate for a given purpose.

Approximate: adj. 1. Almost exact, correct, complete, or perfect. 2. Very similar; closely resembling. 3. Close together; near.

The myth of approximation is usually given without its error range, e.g., "the earth is estimated to be 4.5 Billion years old", with an unstated error range of +/- 4.5 Billion years (or more). The unstated error range gives the confidence level of the estimate, NOT very good in this case.

The goal of good estimating is to approximate closely and reduce the errors. The basis for the error range is a combination of factors:

1. Make supportable assumptions. Don't break the laws of science or logic.
2. Are facts based on reliable history/witnesses and cover the same period/area being estimated?
3. Are the evaluation rules consistent with what is used for opposing arguments (Inclusive)?
4. Can it be done again?
5. What were the starting conditions [Were they the same everywhere for everything]?
6. Are known changes considered or assumed away?
7. Is it a verified linear function? [e.g., One unit of driving repeatedly results in one unit of movement. No speeding up or slowing down.]
8. Can it be measured? Who can do the reliable measurements at all points?
9. Is it consumed in use?

When any of these things are not considered as possible errors, it is not science, it is not even estimation. It is just guess-timation, or pure bad choices disguised by hype and hope. We can know if it's bad by who or what dies, or is it too costly or take too much time to reasonably complete.

To approximate something requires "Intelligence" to define what the required process to check results will be. The estimator must state the problem and how it can be shown to be wrong. Allocate manpower, time, and other resources needed based on the estimate plan. Then the estimate must be revised as time goes on to get closer to needed goal. Make sure the numbers converge to a solution, not diverge out of control [thousands become millions become billions, etc].

As an example, estimate how old is the earth. Use best history available, the Bible. Verify it accuracy [the very best source of history known]. Track the ages with individual error ranges of people, kingdoms, and other historical events. Add them up with their error ranges. Report answer! Defend answer against legitimate critics. Answer is from 5985 to 6830 years. Different assumptions will result in slightly different answers. Wait until the end of the world and ask God to verify. Have faith based on your great estimation process until then.

## Darwin's Racism

**Charles Darwin says:** "With savages, the weak in body or mind are soon eliminated; and those that survive commonly exhibit a vigorous state of health. We civilised men, on the other hand, do our utmost to check the process of elimination; we build asylums for the imbecile, the maimed, and the sick; we institute poor-laws; and our medical men exert their utmost skill to save the life of every one to the last moment. There is reason to believe that vaccination has preserved thousands, who from a weak constitution would formerly have succumbed to small-pox. Thus the weak members of civilised societies propagate their kind. No one who has attended to the breeding of domestic animals will doubt that this must be highly injurious to the race of man. It is surprising how soon a want of care, or care wrongly directed, leads to the degeneration of a domestic race; but excepting in the case of man himself, hardly any one is so ignorant as to allow his worst animals to breed."  
(*The Descent of Man* (1871) p.168-169)

**Charles Darwin says:** "At some future period, not very distant as measured by centuries, the civilized races of man will almost certainly exterminate, and replace the savage races throughout the world. At the same time the anthropomorphous apes, as Professor Schaaffhausen has remarked, will no doubt be exterminated. The break between man and his nearest allies will then be wider, for it will intervene between man in a more civilized state, as we may hope, even than the Caucasian, and some ape as low as a baboon, instead of as now between the negro or Australian and the gorilla,"

(Charles Darwin, *"The Descent of Man"*, 2nd edition, New York, A L. Burt Co., 1874, p. 178)

**Did you catch the drift of this? Darwin said**

that the evolutionary gradation in his day was: negro/Australian ⇒ gorilla. But as the "savage races" and the "anthropomorphous (man-like) apes" were destroyed, the evolutionary gap between men and animals would be much wider—the span would go from a more advanced Caucasian to the baboon.

**Evolutionists and all its originators were racists from the very beginning.**

**God says that there is only one race: The Human Race. And all humans, both male and female, have been created in His image and His likeness.**

(*The Eye—Continued from page 2*)

Even the delivery system is well designed with the source of your tears coming from the upper outer portion of your eyelid. The fluid then flows down and across to receptacles at the inner corner of your eye so you can have a continuous flow of this vital lubrication.

- Finally, tears really do have a medicating property that truly does help you feel better after a good cry.

So remember to "Fix your eyes upon Jesus, the author and finisher of your faith", and the loving, infinite designer of those wonderful eyes of yours.

## Created and Made

by Henry M. Morris, Ph.D.

*"These are the generations of the heavens and of the earth when they were created, in the day that the Lord God made the earth and the heavens." (Genesis 2:4)*

There are two accounts of creation in Genesis, with the above text marking the dividing point. In the first (Genesis 1-2:4), the name used for the Creator is "God" (Hebrew *Elohim*), and its termination is the summarizing "signature," as it were: "These are the generations (Hebrew *toledoth*) of the heavens and the earth when they were created."

The second account (Genesis 2:4-5:1) normally uses the name "LORD God" (*Jehovah Elohim*) in chapters 2 and 3 (except where the serpent and Eve used Elohim when she was being tempted) and then simply "LORD" (Hebrew *Jehovah*) in chapter 4. This second creation account ends with Adam's signature: "This is the book of the generations [i.e., *toledoth*] of Adam."

Critics claim that the two accounts are contradictory. Actually they are complementary, the second merely giving more details of the events of the fifth and sixth days of creation week. The Lord Jesus (who was *there* as the Creator!) used them both, quoting from each (Matthew 19:4-6) at the same time in the same context.

Note also that "create" (Hebrew *bara*) is used seven times in Genesis 1, never in Genesis 2-4. In that second account, "made" and "formed" (Hebrew *asah*, *yatsar*) are the words used. Genesis 2:3 stresses the fact that "create" and "make" are different, when it tells us that God rested "from all His work which God *created and made*." Evidently the verb "create," which always has the Creator as its subject, refers to His work in calling entities into existence; "make" refers to systems constructed (by either God or men) out of previously created entities. The heavens and the earth were both "created" and "made" (see our text).

From "Days of Praise" devotional by ICR, February 17, 2016. <http://www.icr.org/article/5274>

## Thanksgiving

by Henry M. Morris, Ph.D.

*"Being enriched in every thing to all bountifulness, which causeth through us thanksgiving to God." (2 Corinthians 9:11)*

The themes of praise and thanksgiving are very prominent throughout Scripture. The word "praise" and its derivatives occur over 330 times, and "thanks," with its derivatives, over 150 times. When applied to our relation to God, "thanks" are given to Him for what He has done for us, and "praise" for who He is and what He has done for the whole creation. If frequency of occurrence were an indicator, we might conclude that thanksgiving is important and praise-giving is twice as important!

In any case, every Christian believer has a tremendous amount to be thankful for. As in our text, we have been "enriched in every thing to all bountifulness," and it is sad to hear so many complaints and laments coming from Christians who feel they deserve more and better than they have already received from God's good hand.

We are told that the Lord Jesus, instituting the Lord's supper, gave thanks, all the while knowing that the very elements He was blessing spoke of His body that would soon be broken and His blood that would soon be shed. No wonder, therefore, that the apostle Paul reminds us: "In every thing give thanks: for this is the will of God in Christ Jesus concerning you" (1 Thessalonians 5:18).

Whether in bountifulness of material blessing or in the invaluable school of suffering and discipline, we can please God by a thankful heart and life. A key evidence that a Christian is truly "filled with the Spirit" is that he or she is habitually "giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ" (Ephesians 5:18, 20). May God's Spirit "cause through us thanksgiving to God!"

ICR Article posted on November 26, 2015.  
<http://www.icr.org/article/9023/>

*In every thing give thanks*

(God Think - Continued from page 1)

any form of this definition.

**Religion** is mankind's attempt to be like God. God is the Creator, not god the created.

Adam's **Race** is all his children formed from the moment of creation by God, Adam's Father. Splitting one Race into false categories (race, not people groups) is again mankind trying to control people, counting some people better and others worse. This false set of races is not God's plan. God is not racist. When He states He loved the world (that He created, specifically mankind), He includes everyone. We are many tribes, nations, and languages, but one race separated by Sin, deception, and hate.

Lastly, God is not **Political**. In God's Word, governments are given the purpose to subdue sin and enforce God's Laws, not make laws counter to His. The moral law, the Ten Commandments, is the chief law for governments. Understand how **politics** inserts bigots into law. Bigots get elected to change the law of God into the law of man based on natural ethics instead of Godly ethics. Bigots don't want to be ruled by the moral law of God. Their hate crime is hating God and His designs, like marriage.

**Politics is the ethics of government.** God wants His believers to influence politics with His ethics so we can have a Godly government. He doesn't want bigots in charge of ethics and by extension politics and government. His plan is to wall off ungodly bigots from government influence by keeping His ethics, His followers, in charge of politics. Politics is how we get candidates to run government. If good, Godly ethics predominate in politics, governments will follow suit because we elect godly people at all levels. This requires decisions based on both Godly feelings and Godly thinking.

### Did YOU renew your Kroger Rewards Program?

Everyone **MUST** reregister **EVERY APRIL**. Not yet using **Kroger Rewards** program? Just register/re-register your Kroger Plus card at "**KROGER.COM**" and we automatically get credited when you use it. Select "**The ARK Foundation of Dayton, Inc**" (organization # 81517) when you register.

## Prayer Requests

Please be in prayer for the ministry of the Ark Foundation.

- For the raising up of someone to become Vice President of the Ark Foundation
- For direction for Ark Foundation's future
- For the Lord's hand on the development of the new web site.
- For revival in our land
- That Ark Foundation be used in strengthening believers and drawing unbelievers to the Lord
- New church contacts
- More believers learn about and take advantage of Ark's resources
- Open up opportunities/locations for presenting seminars and traveling presentations
- More volunteers, financial partners, and prayer partners.
- For each other: that we grow in our love for the Lord and desire to see others come to know His love.

### WANTED

SOMEONE WILLING TO BE VICE PRESIDENT.

PREFER TO HAVE MULTIPLE CANDIDATES TO SHARE GOALS AND BUILD LEADERSHIP TEAM.

MUST HAVE BASIC COMPUTER SKILLS AND WILLING TO LEARN MORE.

NEED TO BE WILLING TO BECOME PRESIDENT IN 2 - 5 YEARS.

QUESTIONS - CALL RON  
937-256-2759.

***Kids Korner***

**BAD DESIGNS?**

***Couldn't God have made a world without harmful designs?***

God loaded our universe with incredible designs that we can copy, but not everything seems designed for good. If God made everything, why do so many animals, like snakes and lions, have special abilities that help them to hurt us? Couldn't God have made a world without harmful designs?

Yes, He could—and did. When God made the world, He designed it to be perfect (the “very good” crea-

tion He described in the first chapter of the Bible, Genesis 1). That good world is exactly what we'd expect from a perfect God. The original universe had none of the bad stuff we know today.

So, what happened?

We did it. We brought all this evil into the world. Here's how. The first man, Adam, disobeyed God, and as a result, the “very good” universe lost its perfection (Genesis 3). From then on, bad things began to happen. People got hurt and died. In fact, the Bible compares our world now to a person groaning in pain because it's not like God made it to be (Romans 8:22).

If someone points out a “bad design,” like sharp claws on a lion, now you'll know the truth. God created everything good, but Adam sinned and the universe changed. God still had a plan to make things right. He promised in the Bible that He would send His Son, Jesus, to put things right (Isaiah 53). When Jesus came to earth two thousand years ago, He died on the Cross

to pay the penalty for our disobedience. He provided a way for us to escape the eternal punishment of sin.

Someday, Jesus will make everything good again. Pain, death, and sadness will cease forever!

“And God will wipe away every tear from their eyes; there shall be no more death, nor sorrow, nor crying” (Revelation 21:4).

From Answers In Genesis/Kids answers, December 8, 2011, <https://answersingenesis.org/kids/creation/bad-design/>

**AFTER EDEN**

by Dan Lietha

Young Eyes and Old Age

A Joyful 'toon by Mike Waters

As a mother comforts her child, so will I comfort you; and you will be comforted over Jerusalem. —ISAIAH 66:13 NIV

## ARKY's Calendar of Events (as of 10/1/16)

See more details and complete list at <http://www.arky.org/current/index.htm>

**\*Oct 10**, 7:00 pm to 8:35 pm. **Cosmology: Creation vs. Evolution, LIVE** with Kevin Hadsall, at ARKY's House. This presentation shows that only the Bible provides a logical foundation for scientifically understanding the heavens

- Shows how cosmological evolution fails to explain the existence of stars while the Bible provides a solid basis/foundation
- Presents fascinating admissions by evolutionists on how the big bang model fails to explain some of the most basic aspects of the universe
- Provides an in-depth solution for the distant starlight "problem"
- Presents irrefutable evidence that is consistent with a "young" universe

Answers questions such as,

- "Didn't evolutionary scientists discover how stars form naturally?"
- "Doesn't distant starlight prove that the universe is billions of years old?"
- "Doesn't the universe 'look' old?" "Isn't the big bang solid, proven science?"

**Oct 15**, 10:00 am to 5:00 pm. **Great Concert Artist: Larnelle Harris** with the Chocolate Festival at Montgomery County Fairgrounds Coliseum, 1043 South Main Street, Dayton, OH. "Rhapsody in Chocolate" offers a themed festival focused on the Roaring 20s. Event guests will find chocolate and crafts offered by our festival vendors as they enjoy the sights and sounds of the roaring 20s. A Kids' Corner will feature games and a bounce house. The coliseum stage will showcase the award-winning Kaleidoscope variety show with guest artist Larnelle Harris, a member of the Gospel Music Hall of Fame, the Amateur Radio Hall of Fame and the Kentucky Music Hall of Fame. Watch local talent exhibitions on-stage throughout the day. **Free admission and free parking** close to the coliseum make this festival an affordable and enjoyable outing for everyone. ARKY's Bookstore will have lots of gift items available for purchase.

**\*Nov 14**, 7:00 pm to 8:35 pm. **DVD: What You Aren't Being Told About Astronomy, Volume 3** with Spike Psarris, at ARKY's House. Our Universe: What is its origin? Did it form in a Big Bang event billions of years ago? Or are the heavens consistent with the Biblical account of creation instead? The Big Bang is a popular creation myth within western culture today. Not only is there abundant scientific evidence against the Big Bang, the model contradicts itself, and has absurd implications. An objective evaluation of the evidence does not support a self-creation of the cosmos; instead, the heavens declare the glory of God.

**\*Dec 12**, 7:00 pm to 8:35 pm. **DVD: What You Aren't Being Told About Astronomy, Volume 2** with Spike Psarris, at ARKY's House. We live in a Universe of overwhelming size and beauty. It contains about 100 billion galaxies, each of which contains about 100 billion stars. Did you know that according to the secular model, none of them should exist? In this video, you'll see how recent discoveries contradict the naturalistic view of history. You'll hear the words of secular astronomers, as they admit that their models fail to explain the contents of the Universe. You'll discover evidence for design in the heavenly bodies. And you'll see over 130 breathtaking photographs, videos, and graphics from NASA and other sources, revealing some of the most beautiful objects in the Universe. The Bible tells us that God created the heavens for His own purposes. Viewing the Universe in light of Scripture gives us tremendous insight into His majesty, His character, and what He has done for us. Discover how stars and galaxies proclaim the glory of their Creator!

*Note Asterisk (\*) Indicates regular ARK meeting at ARKY's House, 2002 S Smithville Rd, Dayton, OH. One mile South of US 35, just past Wayne Ave. Park on side. Ph: (937) 256-ARKY.*

The ARK monthly meeting is every 2nd Monday of the month. The ARK bookstore is open 30 minutes before and after the meeting.
